EXPERIENCE

PACKING, STICKER MACHINE OPRATOR

Kalfresh Vegetables (11.2023 - 01.2025)

- Corn Packing: Efficiently sorted and packed fresh corn on the production line, ensuring compliance with quality standards.
- Sticker Machine Operation: Operated, adjusted, and maintained automatic labeling machines, resolving technical issues promptly to meet daily production targets.
- Quality Control: Inspected packed products for quality and ensured proper packaging to minimize defects.

ASSET INVESTIGATOR

RF corporation (06.2022 - 06.2023)

- I have experience working as an Asset Investigator in South Korea, where was responsible for managing assets and properties within public institutions. I took charge of designing and implementing internal controls and audit processes to prevent misconduct and corruption. This role enabled me to develop systematic asset management skills, effective teamwork abilities, and proficiency in precise document preparation and reporting.

SKI PATROL

Korea Oak valley ski resort (2019 - 2021 in winter)

- Korea's ski resorts are relatively small compared to other countries. But they attract a lot of skiers and boarders. There, I ensured the safety of skiers and snowboarders and responded quickly to emergencies. As a result, I can perform basic first aid and have excellent crisis response skills. Additionally, while working, I realized how important leadership and communication skills are.

MILITARY SERVICE

05.10.2015 - 04.07.2017

- Served for 2 years in the Republic of Korea Army, protecting the nation and its people.

SKILLS

- Active Listening
- Communication
- Basic computer skills
- Team play
- Leadership
- Time Management
